

## Discovery Agent

# From Process Chaos to Clarity in Minutes

**Turn documents, screenshots and conversations into structured, actionable insights — automatically.**

Discovery Agent helps teams unlock process knowledge buried in static content, standardize documentation and accelerate transformation across the business.

## What Discovery Agent Delivers

-  **Auto-Build Process Models**  
Upload unstructured content (PDFs, SOPs, slides, images, transcripts) and generate process maps in minutes.
-  **Speed to Insight**  
Turn static documents into structured maps for quicker analysis and improvement.
-  **Standardize and Scale**  
Capture and document processes consistently across teams.
-  **Streamline Intake**  
Cut process capture time by up to 83% with AI.
-  **Minimize Manual Effort**  
AI ingests and organizes content into a usable, searchable repository.
